"Disque Bleu"

The bar is crowded and bright
But inside I feel empty and decaying
The smoky air full of music and words
It's our record that is playing

Disque bleu is all that I hear
Songs that we loved now make me cry
Disque bleu brings only a tear
You were singing good
But you were singing your good-byes
To me tonight

The night is warm and the pavement
Below is a river of young lovers
A radio drifting in makes me hide
With my heart beneath the covers

Disque bleu is all that I hear
Songs that we loved now make me cry
Disque bleu brings only a tear
You were singing good
But you were singing your good-byes
To me tonight
You gave no indication
This was happening to us
You showed no hesitation
As you quickly waved
From your seat on the bus
That pulled away

Disque bleu is all that I hear
Songs that we loved now make me cry
Disque bleu brings only a tear
You were singing good
But you were singing your good-byes
To me tonight

You gave no indication
This was happening to us
You showed no hesitation
As you quickly waved
From your seat on the bus

That pulled away
