I drank a rainbow but I could not get me drunk
All I could get me was blue,
Red round the eyes where I cried bout how green I'd
been
Regarding you
And all the works you do
I took a jet plane but I could not get me gone
All I could get me was here,
Stuck in the dirt ankle deep, riches crashing in our
atmosphere
No parachute hangs near

And I don't want to find myself this way again
I don't want to pick the thorny rose
I don't want to let love spoil the day again
But it may again, who knows
I don't wanna be here

I smoked a forest but I could not get me lost
All I could get me was found
Gretel skips home and I rode on my hands and knees
upon the ground
Our candy house melts down

And I don't want to find myself this way again
I don't want to pick the thorny rose
I don't want to let love spoil the day again
But it may again, who knows

Swallowed a mountain, but I could not get me high
All I could get me was low
Really marked down in your sale of the century
And we all know
That everything must go

And I don't want to find myself this way again (I don't
wanna...)
I don't want to pick the thorny rose
I don't want to let love spoil the day again
But it may again, who knows

(repeat)

I don't wanna be here
I don't wanna be here
(where'd you wanna be, who'd you wanna be with,
where'd you wanna be)
