I'm heading into the atom age
My contemporary house is all the rage
My wife's getting lazy, she's going gadget crazy
She wants a palette shaped coffee table and a
matching settee

I'm heading into the atom age

I'm heading into the atom age
My contemporary house is all the rage
My kids have gone obscene, they want to marry at
fourteen
They want a palette shaped coffee table and a
matching settee

I'm heading into the atom age

I flick on the video to soothe me
It's better color than the real thing
I relax to a 3D porno movie
Hey, does anyone remember what happened to string?

I'm heading into the atom age

I'm heading into the atom age
I'm heading into the atom age

I'm heading into the atom age
I'm heading into the atom age
I'm heading into the atom age
I'm heading into the atom age
