T

TTTTT here may be no golden fleece but human riches
I'll release

T oh, my head is spinning like the world and it's filled
with

T beasts I've seen, let me put my bag down and I'll tell
you

T it all right from the start. like the scarlet woman who
T would pick on the boys she thought were green, and
the

two faced man who made a hobby of breaking his
wife's heart.

seems the more I travel, from the foam to gravel, as
the nets

unravel, all exotic fish I find like jason and the
argonauts there

may be no golden fleece but human riches I'll release.

I was in a land where men force women to hide their
facial

features, and here in the west it's just the same but
they're

using make-up veils. I've seen acts of every shade of
terrible

crime from man-like creatures, and I've had the
breadth of

liars blowing me off course in my sails. seems the
more I

travel, from the foam to gravel, as the nets unravel, all
exotic fish I find like jason and the argonauts there
may

be no golden fleece but human riches I'll release.

I have watched the manimals go buy--- buying shoes,
buying

sweets, buying knives. I have watched the manimals
and cried

buying time, buying ends to other peoples lives.

jason and the argonauts there may be no golden
fleece but

human riches I'll release.
