I look out of my window at night
I see the stars and I'm filled with fright
I have a feeling something's looking

It ain't the aliens at the foot of my bed
It's more the ale inside my head
I have a feeling something's cooking

Science friction burns my fingers
Electricity still lingers
Hey, put away that ray
How do you martians say I love you?

I read my comics from front to back
I'll be ready for any attack
I got a feeling someone's looking

It ain't the aliens at the foot of my bed
It's more the ale inside my head
I have a feeling something's cooking

Science friction burns my fingers
Electricity still lingers
Hey, put away that ray
How do you martians say I love you?

Science friction burns my fingers
Electricity still lingers
Hey, put away that ray
How do you martians say I love you?

I read my comics from front to back
I'll be ready for any attack
I have a feeling someone's

It ain't the aliens at the foot of my bed
It's more the ale inside my head
I got a feeling something's

Science friction burns my fingers
Electricity still lingers
Hey, put away that ray

How do you martians say I love you?
