# "Spinning Top"

Visit "[Spinning Top](#)" on [MotoLyrics.com](https://MotoLyrics.com)

I'm like a spinning top going 'round and around  
Well, I don't know what's up and I sure  
Don't know what's down, now watch me

I'm like a spinning top, I can't tell day from night  
Well, I don't know what's wrong and I sure  
Don't know what's right, now watch me

It started when I heard your song of love  
Pouring down like honey from above  
I started to spin, I started to move, just like a needle  
That is sticking in the same old groove

I'm like a spinning top going 'round and around  
Well, I don't know what's up and I sure  
Don't know what's down, now watch me

I'm like a spinning top, I can't tell day from night  
Well, I don't know what's wrong and I sure  
Don't know what's right, now watch me

It started when I heard your song of love  
Pouring down like honey from above  
I started to spin, I started to move, just like a needle  
That is sticking in the same old groove

I'm like a spinning top, I'm like a spinning top  
I'm like a spinning top, I like it so much  
That I'm never gonna stop

I'm like a spinning top, I'm like a spinning top  
I'm like a spinning top, I like it so much  
That I'm never gonna stop
