And every morning before I'm awake
I walk around the world to make sure she's alright
And every evening 'fore I bolt the door
I give the stars a stir to make sure they will spin all
night

For I see people who will scratch
And spit and kick and fight
And I see nations war about whether
Right is left and whether wrong is right

And I know storms inside your head
Can amplify the plight

But no matter what the weather
You and the clouds will still be beautiful
No matter what the weather
You and the clouds will still be beautiful

And every Troy with wooden horse
I take to peaceful waters but can't make him drown
And every Bastille that gets storm troopered
Hail to the chief comes raining, rainin', rainin', rainin'
down

And I've seen people conduct lightning
Down to a summer's day
And I see nations playfully hurl
Snowballs packed with stones and clay

And I know rain inside your head
Can seriously put a stop to play

But no matter what the weather
You and the clouds will still be beautiful
No matter what the weather
You and the clouds will still be beautiful, so let it rain

And we see flying saucers, flying cups
And flying plates and as we trip down lovers lane
We sometimes bump into the gate and I know
Thunder in your head can still reverberate

But no matter what the weather
You and the clouds will still be beautiful
No matter what the weather
You and the clouds will still be beautiful
No matter what the weather

So let it rain, so let it rain, so let it rain
Just let it rain, so let it rain, so let it rain
So let it rain, just let it rain, so let it rain, so let it rain
