"Daisies"

Daisies are hazy when the rain is pouring down
Daisies are lazy when the sun is roaring out
They were made for beauty and that is what they found
Sooner or later they'll be picked
That's when they find
If You love me you love me not
Daisies are hazy when the rain is pouring down
Daisies go crazy when the wind blows them around
They were made for beauty and that is what they found
Sooner or later they'll be picked
That's when they find
If You love me you love me not
You love me
