Everytime that you're walking down the street Do you wonder 'bout the people that you meet? And did you ever see them cry? While you're walking by Can you tell me? Get me out of this Oh oh oh Get me out of this Oh oh oh Get me out of this Oh oh oh Get me out of this I've given all my love to you And you've given me everything back too And everyone's smiling as we go walking down the avenue hoo Get me out of this Oh oh oh Get me out of this Oh oh oh Get me out of this Oh oh oh Get me out of this Well, there's someone on my mind That's keeping me from going blind And if I had to let her go It only goes to show Get me out of this Oh oh oh Get me out of this Oh oh oh Get me out of this Oh oh oh Get me out of this
