I saw this girl, she caught my eyes
I need to know was it her lips, was it her smile
Or even the sexy ways that she looked at me
Ohh, so sweet I wish I that could have her next to me

If you see this girl, yeah
Beautiful smile, lovely style, wonderful
Kind, just about what I want
Ohh, way just changed my world
More than that, just be the last
Just the one that I want for me

Would you tell her
If you see her walking by, the way I feel
Would you tell her
If you see her at the mall, the way I feel

Would you tell her
If you see her looking lonely, the way I feel
Would you tell her
Even though you don't know her, the way I feel

I hope that I see her again
But this time I won't think twice I will say, hi
And also ask what's her name and how she's been
Ever since the sunny Friday afternoon

If I ever get the chance to talk to her
Let her know what's really going on
But the possibility seems so hard
There is almost nothing I can do but any ways

Would you tell her
If you see her walking by, the way I feel
Would you tell her
If you see her at the mall, the way I feel

Would you tell her
If you see her looking lonely, the way I feel
Would you tell her
Even though you don't know her, the way I feel

Can this be love at first sight?
Someone tell me why?

Would you tell her if you see her walking by
(Walking by)
The way I feel
(Would you tell her, ohh, ohh)

Would you tell her if you see her at the mall
(At the mall just shopping)
The way I feel

Would you tell her if you see her looking lonely
(Looking lonely, lonely, lonely, lonely, lonely)
The way I feel

Would you tell her
Even though you don't know her, the way I feel
(Would you tell her
Even though you don't know her, the way I feel)
