How many hearts will it take me
Before i find the one that reaches mine
And how many dreams will awake me
Before i change your mind

And if i read the signs
Theres no reason why
I can't find the love inside me
It makes some more of the feeling
Aslong as your feeling that

Oooh it's a beautiful world we're living in
Oooh its beautiful living aslong as your giving back

How many roads are you driving
Before you find the one that gets you there
And how many go or arriving
But you've been going nowhere

If you don't read the signs
Theres no reason you can't find another turning
It makes some more of the feeling aslong as your
feelin' that

Oooh it's a beautiful world we're living in
Oooh its beautiful living aslong as your giving back

Beauti-ful, Beauti-ful world
Beauti-ful, Beauti-ful

Oooh it's a beautiful world we're living in
Oooh its beautiful living aslong as your giving back

Oooh it's a beautiful world we're living in
Oooh its beautiful living aslong as your giving back
