Finish This, Dirty Business
Somewhere it clears
Kiss
Move in close to my lips, Dirty Business
Down on my hips here we go

You got me down babe
And its getting late
I wanna get a taxi outta' hear i can't wait
Just take me somewhere, Yeah i'll go anywhere
Drink up baby it is time to take up my dare

Would you like to play?
Would you like a taste?
Cause' our bodies dancin' here is just a sample babe
Can't wait

Finish This, Dirty Business
Somewhere it clears
Kiss
Move in close to my lips, Dirty Business
Down on my hips here we go

Follow me now
Cause' we're half way to heaven so what
Should we stop where we aim through to stop
Get satisfied

[Whisperd]

Finish This, Dirty Business
Somewhere it clears
Kiss
Move in close to my lips, Dirty Business
Down on my hips here we go

I'm shameless, Tonight im fearless
And all the feelings we have fully clothed lets undress
Im in the floor now, our bodys talked about
In four hours on the floor its time to get down

Follow me now
Cause' we're half way to heaven so what
Should we stop where we aim through to stop
Get satisfied

Finish This, Dirty Business
Somewhere it clears (well can we?)
Kiss
Move in close to my lips, Dirty Business
Down on my hips here we go

Would you like to play? (to play)
Take me into heaven take me all the way (don't delay)
Everybody has a little bit of something thats wild in
them
Can We? (dirty business)
Well Can We?
Can We? (dirty business)
Can we?

Finish This, Dirty Business
Somewhere it clears
Kiss
Move in close to my lips, Dirty Business
Down on my hips here we go

Follow me now
Cause' we're half way to heaven so what
Should we stop where we aim through to stop
This time we can get satisfied
Down on my hips here we go!
