You left in the morning
it was five o'clock the time
and i woke up believing
it was a dream that would turn right

chorus
And I heard love is always simple
I heard love is always pure
I heard love is always simple
but you don't miss what you never had
no you don't miss what you never had (repeat)

sometimes in the evening
I wonder what you did that day
sometimes wanna call you
but then just what would I say

chorus

and it's the oddest oddest feeling
when you wake up and you know
that the blood that gave you life
is no longer here or has to go
and it's a complicated evening
in the background of my flow
but I'm definitely dealing
and the hand I hope does know

chorus
