Posing from The look you are (?)  
walking out of my front door  
Everything around me seems  
Inside of me (2x)  
I know I know it's incomplete

Reaching out for something sweet  
Thought I heard you down the street  
Though your heart is on your sleeve  
How come I feel (2x)  
I feel I feel It's incomplete

chorus  
Frankie says she really doesn't dream of  
Frankie says she likes to play with broken things  
All the thoughts she brings up that she tells publicly (?)  
she is this way (?)  
They think I think she's incomplete

Walking home I thought I saw  
Shadows from the rainy top (?)  
Is there something left for me  
That I could use (2x)  
something something so incomplete

chorus

Incomplete and now I'm fading in your scenery  
Incomplete cuz all those words are just too much for  
me  
Incomplete because t isn't fair that you don't see me  
It's not the way it's not the way  
and do you know it's incomplete

chorus

they think i think she's incomplete (4x)
