I'm not in good form
I'm not in good stead
I'm feeling like lightning but I'm feeling like death
You want to come over
But it's a little late
And I don't know if I really can take again
all the words that you waste
again
all the time that it takes
to mend

My bleeding heart (4x)

The candle is red from all that you left
and everything around me is falling apart
a little bit colder
a little less golden
a little less willing to offer myself again

all the words that you waste
again
and all the time that it takes
to mend

My bleeding heart (4x)

I'm not in good form
I'm not in good stead
I'm feeling like lightning but looking like death
The music is over
the drumming is over
and nobody else that's messing with my head
So the joker has lied
and what a surprise
How come I'm the only one that didn't see that
You're still in my veins
But I musn't complain
Cuz I'm not gonna write another line on this page to
mend

My bleeding heart (11x)
