I'm going down like a villain in this place
Cuz I wanna corrupt you now with all of my grace
Just one smile and you got me feeling great
So I guess I'll go down like a villain in this place

I hope that it's a chase that will never go away
and I hope that it's your name will always be inside my
brain
And who can read the future
Cuz there is always room for change
But bearing that in mind
This life is open for display

chorus
I feel
Something inside like butterflies
The colors fill my rainbow skies
I'm just a little paranoid
Paranoid

What (?) Falling down and I'm drowning in this place(?)
I don't want a big fountain cuz it's a beautiful in space
(?)
Just one touch and you got me feeling great
So I guess that I'll go down and drown inside this place
Its my love aside that those pictures that you paint (?)
I think I'm doing fine but then I seem to lose my faith
Could you please direct me to the nearest double A
But bearing that in mind
My drunkenness can lead the way

chorus

I wish I knew the meaning
The meaning of this day
And I feel a little used
Cuz you can't even spell my name
But inside my own abuse is the reason I should stay
But maybe I can fool this paranoid away

chorus 3x
