Hannah you don't got me
Hannah you never noticed the heart of this room
before
Hannah yeah you're trying
But if you don't let the walls of your mind collapse
then the feeling is stolen
Feeling is stolen (4x)

Will you let me show you
Who I really be
This way (?)
I'll be useless if you don't give me a seat (?)

Lying is a crime
On my way to paradise
Yeah I love it (2x)
Cuz it makes me feel alive
Sweetie well I know (4x) you're trying
But if you don't let the walls of your mind collapse
Then the feeling is stolen
Feeling is stolen (4x)

So wash me with your honesty
And I will be in the sacred city
Smile at me with your failings
And I'll make you see how perfect I be

Hannah well I know you're trying
But if you don't let the walls of your mind collapse
then the feeling is stolen
feeling is stolen (4x)
Sweetie I know you're trying
But if you don't let the walls of your mind collapse
Then the feeling is stolen
feeling is stolen (4x)
