'Cause I feel so awesome  
How you feel? Awesome, I guess that's awesome  
Shawty you fine and your body is awesome  
Wanna roll? Awesome, well let's go, awesome  
Hands in the sky like...

[Verse 1: XV]

I'm A-W-E, some call me awesome  
Some call me Vizzy, honeys call me often  
Gator on my shirt, what did it Lacoste him?  
Jesus Christ I'm good, please don't cross him  
How rude, Stephanie Tanner  
You don't gotta watch me but please watch your  
manners  
And I be getting green so mean, Bruce Banner  
Gift of flow and presence, yeah, I'm the new santa  
Uh, I'm saying, Kansas where I'm staying  
Where n-ggas be bang banging likes Pops on the  
Wayan's  
And even through the hating and wars, they thought I  
stay in, pshh  
Who you playing, I done went Super Saiyan  
This that, off the glass, off the floor, off the wall jam  
We in th building, you wishing you had the floor plans  
You just a doorman, door man  
Damn, I wish I had more hands

Now tell me what got two thumbs and knows how to spit  
rhymes?

Two thumbs up, you gon point 'em at this guy  
Al Edison couldn't be this fly so ask how I feel and you  
know I reply...

[Hook 2]

History in the making, aint you feeling it  
Theif flow, they say I'm on show stealing shit

My solo discography, I'm building it  
Now everytime you hit the space bar I'm killing it  
Yeah, I'm so f-cking awesome  
200 thousand was paid to out floss him  
They don't wanna follow my lead, I got a foursome  
To keep the competition inline you gotta scorch 'em  
Fire engine red and that drop head  
Haters drop dead when I'm in that bob sled  
Cover girl on my side, and she bobs head  
Sayin yes to my denim as she nods head  
XV from the middle of the map  
I'm coming to you live from the middle of the trap  
Colours in the chain like skittles out the pack  
The hustler teaming with the gentleman of rap

[XV]

Now tell me what got two thumbs and knows how to spit  
rhymes?  
Two thumbs up, you gon point 'em at this guy  
Al Edison couldn't be this fly so ask how I feel and you

[Verse 2: XV]

Ay, I'm awesome, every time I lay it down  
I think that I kill 'em, play possum  
Death proof, ride with Rosario Dawson  
Tell 'em open wide when they see how I'm flossing,  
ching!  
Cooler than a peppermint, Wayne's World excellent  
Party on Garth, shwing!, work ethic harder than a  
Mexican  
That's why I can walk up into any restaurant and close  
the whole thing  
See, even G couldn't F with it  
Semi colon dash parenthesis, text messaging  
That's a side smiley face 'cause I'mma make the best  
of it  
I assume you should make room for the elephant  
Boom, where I come from is irrelevant  
'Cause my glory is all that I revel in  
And my story begins where most others end  
So all I really got to tell 'em is

[Hook 2 2X]
