Yes, my watch is gold
And my chain is gold
And my condoms gold
Im C3PO
Yes, my watch is gold
And my chain is gold
And my condoms gold
Im C3PO

I come through my city looking like C3PO
Gold chain shining in the night, C3PO
Gotta go, got them sitting on some ice, C3PO
Im like welcome to solid gold

Got bars of gold, my car is gold
My rims gold, credit card is gold
My bottles gold, my models gold
My watch gold and my condoms gold
My fish is gold, so much gold I shit gold
My thrill is gold, no doubt my chain is gold
My backpack green but I painted gold
Im C3PO, with these trees I roll
Dont pass no blunts to my bro, he gotta see his PO
All these gold bottles on deck, the gold chain on my
neck
Got these models up on my dick but I keep that ass
around like strip
In case I ever need to be reminded, 500 chains ought
to leave you blind
300 niggas in gold that I roll with, Im Leonidas meets
king Midas
Girl, you dont gotta be so cold, remember when they
called me freakazoid
Now a nigga got on all these medals, he feel like he
about a freak of joy
Cause I love gold

I come through my city looking like C3PO
Gold chain shining in the night, C3PO
Gotta go, got them sitting on some ice, C3PO
Im like all on solid gold

Got pans of gold, my crown is gold
My sam is gold, Ill drown in gold
Got golden spoons, got golden forks
No golden hair, you a golden lord?
My shades got a gold rim, my Js got a gold trim
My fitted got a gold brim and my bitch work out at Gold
Gym
She went to go drink with the gold flakes
You get wild and go eight, been killing shit for a while
now
My mix tapes is on cold case, playing golden eye with a
gold gun
PP send it with a gold drum, reload weapons at 24
seconds
On an xbox time so I go dumb
I heard he like some trashy, oh, yeah, you aint been
hurt
You be my b nasty I can be your n-word
Go right in, no taxi, I get drunk in this world
Daddys worth a big buck, big nerd, dont tell em I love
dough

I come through my city looking like C3PO
Gold chain shining in the night, C3PO
Gotta go, got them sitting on some ice, C3PO
Im like C3PO, C3PO

My teeth gold, my ring gold
Gold diggers dig me cause they think that my thing
gold
My 360 gold, my attire gold
Gold chains on my entourage, I got that Rarri gold
Im diabolical, only one eye like a monocle
Saw the guns trying, I got low, in the hood thats what
youd rather know
Commercials airing on T&T so they see I gotta blow
And if you ever seeing me, bitch you know I got all gold

I come through my city looking like C3PO
Gold chain shining in the night, C3PO
Gotta go, got them sitting on some ice, C3PO
Im like C3PO, Im like C3PO
