"This is the dimension of imagination,  
It is an area which we call..."

[Verse 1: XV]

Down the rabbit hole we go  
Where n\*ggas will big you up for a feature  
When they all know they ain't f\*ck with you when you  
was a nobody  
Before you blown, the cold shoulders they shown are  
hugs now that you know  
Down the rabbit hole we go  
Where hoes you know will call you out the blue  
Asking how are you and telling you that you are to  
come over when you are open  
When last time, they saw you not a single word was  
spoken  
But down the rabbit hole we go  
Where everyone got an opinion and you sit there and  
listen  
They looking in your eyes but do not see your vision  
They say they got your interest but who are you f\*cking  
kidding?  
Down the rabbit hole we go  
When they start to know who X is, I get emails from my  
exes  
And my mom is feeling jaded 'cause I can't reply to  
texts  
Don't know if I'm home or doing a show in Texas  
Down the rabbit hole we go  
Where failure is not an option 'cause everybody is  
watching  
I don't wanna be the topic of barber shop n\*ggas  
talking  
The vultures doing circles 'cause the square got 'em  
hawking now

[Hook]

Down the rabbit hole we go  
Yeah, down the rabbit hole we go, uh

[Verse 2: XV]

Down the rabbit hole we go  
Hold on to your seat cause it's gon be a bumpy road  
Where your girlfriend wanna sleep and you just gotta  
up and go  
The fast life got you addicted to something slow  
Down the rabbit hole we go  
Where everybody's plotting and ain't no way to stop  
'em  
You always come around and you tell 'em that you got  
'em  
Afraid of them thinking you just grew up and just forgot  
'em  
Down the rabbit hole we go  
You like her and she like you but nothing ever grows  
Cause she's afraid of being another name that's in  
your phone  
It's sad when you're a choice and she would rather  
choose alone

[Hook]

Down the rabbit hole we go  
Yeah, down the rabbit hole we go, uh

[Verse 3: XV]

Down the rabbit hole we go  
Get used to your pictures, you know they'll always get  
ya  
Especially when they jump off and a club chooses to  
kiss ya  
Then they tag you on the Facebook  
Now your girlfriend think you dissed her  
Down the rabbit hole we go  
You got time to sit and think when you in that window  
seat  
Praying for your downfall soon as you reach your peak  
So my eyes wide open, I don't even try to blink  
Down the rabbit hole we go  
You just hope the end is near soon, your life is like a  
clear room  
Every hand shake and friendship is a career move  
You feel yourself getting further from people that's  
near you  
Down the rabbit hole we go  
Take a pill to make you sleep, take a pill to make you  
go  
Take a pill to make her freaky, take a pill to make you  
grow  
Here's a pill to hide the real and here's a pill to make it  
known

[Hook]

Down the rabbit hole we go  
Yeah, down the rabbit hole we go  
Uh, down the rabbit hole we go
