[Verse 1: XV]

Welcome to the Vizzy Zone, glad you came across 'em  
Had to get them plaques so I'm never ever flossing  
What's your girl's name? I just pray you say it's  
awesome  
'Cause 'fore the night is over, you'll say that I'm f\*cking  
awesome  
I am not one of Martin's friends, that boy cold  
Ball like timer when I walk into a stove  
Ball like Sonic when that hedgehog tuck and roll  
And all I wanted was when I was f\*cking owed  
I don't need no damn chorus, just bring your  
camcorders  
The flow is unobtainium and Vizzy's Pandora  
Uh, I don't trap but I am Venus Fly  
And I be eating raps alive in my little shop of horrors  
In my prime, I'm Optimus, I'm a Transformer  
Stepped up in the game to hang my green Jansport up  
Everybody searching with the hopes of finding me  
'Cause I am in my zone, I call this one the Flying V and I  
am back  
Vizzy Zone, Vizzy Zone, Vizzy Zone, Vizzy Zone going  
gone

[Verse 2: XV]

Vacate the zone as the game makes it known  
You won't stay here for long, I stand behind my bars  
like Mayday Malone  
So you can bank on me like savings and loans when I'm  
making my songs  
King of the city, yeah they made me a throne  
So everybody hating, better save up they stones  
I try to show my life in every rhyme I lay on  
Dying to get on my shine like Sierra Leone  
Cool it down, I'm burning up, in the lab like Sherman  
Klump  
Now I get that buddy love, boy you never heard of  
such?  
Come through with some dutches, I ain't talking 'bout  
that Fergie stuff  
And burn it up, baby, we can kick it like the Derby Cup

I'm playing Hide-And-Seek on the mountain's highest peak  
Even making noises in the places that the lions sleep  
Everybody searching with the hopes of finding me  
But I am in my zone, I call this one the Flying V and I am back  
Vizzy Zone, Vizzy Zone, Vizzy Zone, Vizzy Zone going gone

[Verse 3: XV]

My name is Vizzy, I'm the answer, open up the lanterns  
Now they see I got the game closed like panthers  
I never S.A.T, if you test me, I will stand up  
Man, I been this way since I was walking in a pamper  
Catch me in Atlanta, talking to a dancer  
But I don't make it rain dear, you can talk to Prancer  
Now she wanna go to the back, I'm like why not?  
As long as they put a hat on my nuts like Planters  
Ha, and all the suddenly, they up on me  
'Cause I be eating beats like Doug Funny be  
Money be hanging out my LRG dungarees  
You wondering how I got my buzz, well you know how  
them honeys be  
Freshmen, I ain't one of them, ten of them make one of  
me  
Going from point A to B, I just hope y'all come to see  
Everybody searching with the hopes of finding me  
But I am in my zone, I call this one the Flying V and I am  
back  
Vizzy Zone, Vizzy Zone, Vizzy Zone, Vizzy Zone going  
gone
