Only for You  
Only for You  
Only for You  
Only for You

All for one and one for all  
I will hold you if you'll fall  
Angels never flying low  
And I know this love will grow  
Do what you want be what you be  
I know for sure you're my destiny

Only for you....  
Only for you....All I want is everything  
Only for you....  
Only for you....Anytime and anywhere

Will you bring the sun again  
You are more than just a friend  
Feeling stronger everyday  
Cause your love will make my day  
Don't play a symphony to me  
If you're not sure, you're my destiny

Only for you...  
Only for you....All I want is everything  
Only for you....  
Only for you....And we'll fly on golden wings

Only for you....All I want is everything  
Only for you....And we'll fly on golden wings  
Only for you....Anytime and anywhere  
Only for you....Oh I swear that I'll be there

Only for you....  
Only for you....  
Only for you....
