what I say doesn't mean nothing
it's not worth the breath it's breathed on
it's not worth the face it's ?? on

and what I brought wasn't much to bring
but it's all my pockets would yield
just imagine I feel how you feel

mostly I feel happy
to know the ones I know
and I mostly feel sad that where I go they cannot go
and it mostly makes me scared to rub my shoulders
with your soul
it mostly makes me scared to know without you I'm not
whole

'cause you radiate something so so strong when I'm
there
can I sit beside your fire a little longer
can't you tell me something sweet before I'm older

'cause who knows what the worth of this will be until it's
over
does it mean as much to you as what it means to me --
don't answer
just imagine all I need's this glass of water

mostly I feel happy
to know the ones I know
and I mostly feel scared that where I go they cannot go
but it mostly makes me scared to rub my shoulders
with your soul
it mostly makes me scared to know without you I'm not
whole

I rattle round inside like a piece of bone
you dry me out like the sun
I'm not getting closer, I'm still far away
but I still know you're the one

I mostly feel happy

to know the ones I know
and I mostly feel sad that where I go they cannot go
and it mostly makes me scared to rub my shoulders
with your soul
it mostly makes me scared to know without you I'm not
whole

I'm not whole
