I want to tell you, I guess it's time  
The way I acted was out of line  
I have to calm myself once again  
It's getting later, I'm losing time  
I want to give you the reason why  
It's the only thing on my mind

I want to tell you  
I want to explain  
I want to tell you, it won't happen again

I've got tears , I've got years in my eyes  
Someday we all fall down, someday we all fall down  
A-a-a-a-a-a-a-a

You mean the world to me, it crossed my mind  
The days of knowing you , you've been too kind  
You cast your pearls in front of me  
Guilt is complex, when I face the facts  
My naked indifference, I torn off heads  
I never wanted these kind of debts

You've tried so hard to reach my core  
Truth taste strange when I explore  
I trip myself up when I try  
Every nail is in it's place I cried...  
I give in to sin too soon

Someday we all fall down  
Etc.
