Everyday lead to late nights,
Bitches on my neck like a vampire appetite.
Homie, pass me a light, I got that master kush
Gave birth to you bastards, told your mamma to push.
Now here you are, I see you feeling strong,
My prediction came here tripping, you won't be living
long.
Wait, I said that wrong, now let's negotiate,
I wave my banner of peace, I hope you take the bait
Pussy nigga, you fake, can't wait for the face to face
Hit you with the cage, back in place, rip another page
off the book of life
Before tonight we gonna celebrate and smoke 'till we
elevate
My motive for motivating my niggas, come on.

Take a look at my eyes and tell me what do you see
I'm gon' forever be me, therefore I'm forever a G.
All this liquor I drink and then I smoke all this weed,
Smoking this weed, smoking this good, I got what you
need.
A lot of niggas'd change if they been through what I
been
Now would you change, or would you stay the same or
so you think
But I'll always be the same, I'm always gon' keep it G.
I'm going forever be me, therefore I'm forever a G.

It's getting hard to survive the streets that eat you
alive,
Dumping your body, your cadaver is covered with flies.
Too much rats are trapped inside of your rapping,
Real niggas actually laughing at your lights, camera,
action.
Do you, do you?
Whatever the fuck you think you gotta do.
'cause when I bring it through we hold court,
Putting up playoff stats, while you hanging with the
roaches and rats, we way above that.
Now how you're loving that? Beat the breaks off the
back of that bitch.

You can't breathe, I'm diggin your ditch, can't believe
I'm not deep in your shit.

Before tonight we gonna celebrate and smoke 'till we
elevate
My motive for motivating my niggas, come on.

Take a look at my eyes and tell me what do you see
I'm gon' forever be me, therefore I'm forever a G.
All this liquor I drink and then I smoke all this weed,
Smoking this weed, smoking this good, I got what you
need.
A lot of niggas'd change if they been through what I
been
Now would you change, or would you stay the same or
so you think
But I'll always be the same, I'm always gon' keep it G.
I'm going forever be me, therefore I'm forever a G.

The greatest trick the devil ever put together
Was that self destruction is better than striving for
perfection.
I see the doubt could grow, quickly spreading like an
infection
Initiative to live, use your common sense as a weapon.
If you only knew half of this shit that I've been through,
Shoul've been a screen play when I get to
Blow niggas away, IED, point blank range in the middle
of the street.
Fuck y'all niggas gonna say to me?
We don't play the games, just play for keeps and now
Back for the forefront, back to the backwoods, back on
the tour bus
Get around the world for a few months, dump dead
weight niggas like a dump truck

Before tonight we gonna celebrate and smoke 'till we
elevate
My motive for motivating my niggas, come on.

Take a look at my eyes and tell me what do you see
I'm gon' forever be me, therefore I'm forever a G.
All this liquor I drink and then I smoke all this weed,
Smoking this weed, smoking this good, I got what you
need.
A lot of niggas'd change if they been through what I
been
Now would you change, or would you stay the same or
so you think
But I'll always be the same, I'm always gon' keep it G.
I'm going forever be me, therefore I'm forever a G.
