[Hook]

I'm sorry I met you
I'm sorry I hurt you
I'm sorry I killed you
I'm sorry I murked you
'Cause I'm all alone now nobody is with me
Nobody to threaten that they about come get me
I wish I could go back to where we began
I wish you was alive so I could kill you again
I wish we had more paths to cross
Nobody even cares if they survive my loss
My killer's remorse

[Verse 1]

For we are the same should be laughed at
Could be the very fame shit to get your bitch ass
clacked
You fell slick next now drowning in your own pool out
back
I kick the cats and dog tube the shit I don't count that
You're my angel of death I strangle till there's no
breath
I kill the kill kill till there ain't nobody left
My conscience don't inhibit me I kill deliberately
Just wanna be like God, 'cause God kills
indiscriminately
I'm so christian I'm so muslim
Super size on your mom trigger get push up
I'm parallel to hell I'm ready so Satan what's cooking
And rappers running their mouth they don't know how
close their bitch ass is coked
To get turned in ghosts nigga I will kill you
Don't get it cross memories fade just as blood washes
off
I said memories fade just as blood washes off
Hope to see you soon

[Hook]

I'm sorry I met you
I'm sorry I hurt you
I'm sorry I killed you

I'm sorry I murked you
'Cause I'm all alone now nobody is with me
Nobody to threaten that they about come get me
I wish I could go back to where we began
I wish you was alive so I could kill you again
I wish we had more paths to cross
Nobody even cares if they survive my loss
My killer's remorse

[Verse 2]

I feel so guilty my hands are filthy
From decorating your face all over the building
I'm staying sincere if I ain't making it clear
I'm writing on the wall with the blood man I wished you
were here
But you moved on at your funeral I beat you with slam
I hugged your mom tell your sister and her kids to be
clam
I will tell 'em you gone you just sleep in a dream and all
c'est la vie
We smoked you like the weed in the bong

[Verse 3]

Have you ever seen the bloodstain
And know that person has returned from every once
came
Regret is such an ugly thing only if you let it fuck with
your brain
But it ain't gonna change a fucking thing
What's done is done chop that shit up to the game
You're still dead when I'm still alive
And I never got the chance to utilize my best alibi

[Hook]

I'm sorry I met you
I'm sorry I hurt you
I'm sorry I killed you
I'm sorry I murked you
'Cause I'm all alone now nobody is with me
Nobody to threaten that they about come get me
I wish I could go back to where we began
I wish you was alive so I could kill you again
I wish we had more paths to cross
Nobody even cares if they survive my loss
My killer's remorse

[Verse 4]

Started the bullshit escalated to violence
In result of the violence infinite permanent silence
Now I feel empty not even existing
My worst enemy is no longer against me

I remember the hatred and how it consumed me
And you felt the same thing but never could move me
A shot to the face is nothing like in the movies
The back of your brain is out the body keeps moving
So I should rejoice now because you are past tense
The last of my enemies the last of you bastards
The dirt on your casket
I'm so alone now you were the reason to carry my
danger my chrome out
And I just sold out and wait for the contact
And life for the combat and now we be on that
And I'd take it all back if I knew what I knew now
What's a shooter without somebody to shoot down

[Hook]

I'm sorry I met you
I'm sorry I hurt you
I'm sorry I killed you
I'm sorry I murked you
'Cause I'm all alone now nobody is with me
Nobody to threaten that they about come get me
I wish I could go back to where we began
I wish you was alive so I could kill you again
I wish we had more paths to cross
Nobody even cares if they survive my loss
My killer's remorse
