[Verse 1]

Maybe it's time I change religions on you turning
christians
To a muslin, turn a buddhist to a christian
Tell 'em catholic Ronnie been it
Sipping red wine inside the pentagon
Writing sinister lines till all the ink inside my pen is
gone
Jeremy Lee got the world watching ESPN
My sick porno obsession got me watching these
lesbians
I'm a sick fucking psychotic master
The mic is my sword the booth is your casket
I'm sitting inside the classic 6 4 with the ratchet
Throwing up west side is my worst fucking habit
Only snap backs and egos eyes looking through peep
holes
Is why I don't trust no one except God and Tim Tebow
Living my destiny poppin' pills high as fuck
Fucking bitches in the club holding my space bottle up
I think it's time you salute me or shoot me
Either way I'm the star of this motherfucking booth

[Verse 2]

They say I got a suicidal tendency murdering my
enemies verse
It ain't no questioning thunder under my shirt
Fuck around and you'll be up under the dirt
This automatic will turn your home into a hearse
Worse case scenario pipe bound your burial
They gonna have to bury you twice
The scary cat on this night life
The golf stream vibing what the weed is top flight
My PO already know I'm a motherfucking flight risk
Heavy chain light risk pay cash for everything that
white bitch
She got it, she got it, that's my words the oriental
62 minutes they got it looking like murder all
I'm leaning hard in that flat back turbo charge
Coupe on 20 fours pedal to the floor
100 shots of that nigga still got plenty more

Slim the mobster am I is really made uzzi
We turn your block to a motherfucking movie

[Hook x2]

Lights, cameras, action niggas ready to shoot you
But these ain't lights ain't cameras pointed at you
Blocked off the scene 'cause your scenes don't move
me
Will turn your block into a motherfucking movie

[Verse 3]

Rap boy we were kids we were the Lord of the Rings
Rep in the full train smoke in solely green
I know other case burst scenes there's no more men of
honor
I might made my super armor running from karma
The good die young no country for old men
There will be blood deeper than leviathan
And my platoon full of bad lieutenants
X-men, expendables, bad company, criminals
Crush goons with a kanga, surfing in the rainbow
48 hours to kill Bill, Cash and Tango
Brave heart, battleship, devil's out to kill with the
Passion of Christ, it's a wonderful life
Miami Vice what to get right
It's midnight in the garden the good and evil are
crashing
Ordinary people, lethal weapon without 4 sequels
Above the hunger games,
The gods must be crazy ricochet through the purple
ring
Because the devil wears prada, the dead presidents
can turn a goodfella to a godfather
Animal house, standing to live with the case speech
Leonardo DiCaprio on the beach
Oceans Eleven, if all dogs go to heaven
The silence of the lambs, son of sam 7, I am legend
Fuck this new jack city I'm on the midnight express
With this American History X

[Verse 4]

Off the dome and I'm talking slick as petroleum
'Cause I don't fuck with pens unless I'm rolling on some
eulogium
Niggas preaching hate from Napoleon nigga slowly
throwing salt on my game
Like fluorine or sodium on a door
But holy I'm only in it for the cash part
Thinking fuck the world something like a pornstar with
a passport
With officer walking and my side mirror in

He don't like me 'cause I'm dark as an nigerian
Rocking a lot of juries smart as a librarian
In the look in the american eyes said I'd bury him
I said it before don't ignore it again too
Hands on the 9 like you couldn't attend due
Life's a hooker the hall raised me
This poor baby was born crazy
Put in the middle of drug wars, thug lord and judges
tryin' to call case me
Lord save me it's gone Swayze the movie

[Hook x2]

Lights, cameras, action niggas ready to shoot you
But these ain't lights ain't cameras pointed at you
Blocked off the scene 'cause your scenes don't move
me
Will turn your block into a motherfucking movie
