Something more, something more than faith,
Something more, something more than fairytales
Is a story of a little star, looking for a place to shine this
life.

Touched in all the stray, but bound he pound his way.
And so he shines so bright in the sky.

Iâ€™m designed in oasis, wide open spaces,
But naked bitches having sexual relations.
Major operation, let me take conversations,
Sense of the intel, pay attention in detail.
Yeah, deign your flat, not your vital son,
AC, DC, alkaline, whichever type of battery you got in
your bag
Gonna be removed when the clips just slap
You and your bitch get slapped, damn, itâ€™s good to be
back.

Something more than fairytales
Is a story of a little star, looking for a place to shine this
life.
Touched in all the stray, but bound he pound his way.
And so he shines so bright in the sky.

My hip hop is outsanding, outlasting,
Already all stars, they fizz a lot fast week.
Burn like the sun and you suck like a black hole,
Stuck in my style and get over my flat.
This colors donâ€™t run, we attract you,
Drama like madness, you wanna get your head flew.
Incredible bars, I show â€™em how to rhyme,
Iâ€™m not the average, no oneâ€™s back home.
Super rap killer, extremely great spitter,
Make a door, hit the door, solve the queenâ€™s riddle.
Sinister, ailing off the bank with the sickest,
So get up and get down with the sickness.
This is something more than just songs,
I wish upon the stars, pray to God that I come with
Better lines than them, they crush their dreams
And attempt to my sport when I do this thing.
Itâ€™s

Something more than fairytales
Is a story of a little star, looking for a place to shine this
life.
Touched in all the stray, but bound he pound his way.
And so he shines so bright in the sky.

What you know about dead money and sacrifice?
What you know about people scheming and take your
life?
What you know about these Cali GÂ's?
That mister penitentiary invested movement on a
bigger better day
What you know about the harder man?
We paint the outer water dÃ©cor to the promised land.
You understand, is in my nature not to walk away,
Â'cause IÂ'm a beast, my beats are open up your chest
in face.
Call the police, itÂ's still the same and I donÂ't give a
fuck.
I speak the truth and all my catalogues are living trust.
Now give it up and get it, take it at gun point,
We cut broke niggers in what point
You gonna realize we came for

Something more than fairytales
Is a story of a little star, looking for a place to shine this
life
