Seclusion is my new found stage  
And it's brought about by you  
So spark my faded fire once more  
With thoughts that won't hurt you

'Cause you'll never change anything I like about you  
No, you'll never change anything I like about you

Believe me when I fail  
'Cause it's the first thing that I'll do  
And forgive me before I misbehave  
Yeah, it's funny what I'll say to you

'Cause you'll never change anything I like about you  
Don't ever change anything about you  
Don't ever change anything
