You want it, you got it, you want it, you need it
You want it, you got it, you wanna believe it
[x2]

Yeah I got this feeling going on in my head
Break it down every time I see you
What I know is that I like to please you,
What I listen to is just a preview,
It's going on

When I find this place I want a review
I hold it back just like me and you
It's not a face I can't deceive you
I'm holding on

Yeah I got this feeling going on in my head
Yeah I got this feeling going on in my head

You want it, you got it, you want it, you need it
You want it, you got it, you wanna believe it

Take a walk everything I see
What I know I don't believe
Everything I like then I please
Won't you take it back from me
I got to see, yeah I gotta see you
What I know I don't believe you
Every time I look around I see you
What's going on

Yeah I got this feeling going on in my head
Yeah I got this feeling going on in my head

You want it, you got it, you want it, you need it
You want it, you got it, you wanna believe it

Yeah I got this feeling going on in my head
Yeah I got this feeling going on in my head
