### "With You"

Would you like to see a sunny day in the middle of  
winter's gloom?  
Would you like to see one more day where everything's  
in bloom?  
Would you hurry to get off my back if I could not swim  
with you?

All those things you do, it makes me wanna be  
With you, with you

Would you like to see the innocence behind my  
crooked smile?  
Would you like to be a fly on the wall as I stand there  
in denial?  
Would you ease into a conversation about thoughts  
that divide?

All those things you do, it makes me wanna be  
With you, with you

Yeah, you're what I needed

With you, with you  
With you, with you  
With you, with you  
With you, with you
