(Feat Wynter Gordon)

Chorus: (x2)

Hey Mr Mister I got plenty more to say
Hey Mr Mister don't you wanna come with me?
Hey Mr Mister I got everything you need
Everything you need, don't you wanna come with me

Close the door, don't you keep me waiting, keep me
running more
Close the door, don't you keep me waiting, keep me
running more
Close the door, don't you keep me waiting, keep me
running more...
And you can ride it where you want
Just do it now!

Chorus: (x2)

Hey Mr Mister I got plenty more to say
Hey Mr Mister don't you wanna come with me?
Hey Mr Mister I got everything you need
Everything you need, don't you wanna come with me

Close the door, don't you keep me waiting, keep me
running more
Close the door, don't you keep me waiting, keep me
running more
Close the door, don't you keep me waiting, keep me
running more...
And you can ride it where you want
Just do it now!
