Go on, go on, go on
Go on, go on, go on
Go on, go on, go on
Go on, go on, go on

I've been doing this my way, your way, our way, I can't
make it work
When all I have is not enough
I've been doing all I can, my plan, your plan and all I
get is hurt
This game we're playing has to stop

I've got you stuck in my head
And all you do is breaking me, I can't continue taking
this
I've tried my best to understand
But I cannot make sense of you, I've got to take a stand
and baby

I don't wanna waste another day
I don't wanna live my life this way
I'm tired, I just wanna lie back down and
I don't wanna waste another night
I don't wanna keep on chasing lights
So go on, go on, go on, go on, go on, go on, bye, bye

I remember I met you, let you get your way in
everything
You took complete control of me
I remember you lying, crying, trying to get away with it
But now I know cos now I see

I believed all that you said
I never questioned any lies and never opened up my
eyes
And no your words got me mislead
But I am standing, I'm alive, I never had you on my side

I don't wanna waste another day
I don't wanna live my life this way
I'm tired, I just wanna lie back down and

I don't wanna waste another night
I don't wanna keep on chasing lights
So go on, go on, go on, go on, go on, go on, bye, bye

Bye, bye, oooh

I've been doing this my way, your way, our way, it
doesn't work

I don't wanna waste another day
I don't wanna live my life this way
I'm tired, I just wanna lie back down and
I don't wanna waste another night
I don't wanna keep on chasing lights
So go on, go on, go on, go on, go on, go on, bye, bye

I don't wanna waste another day
I don't wanna live my life this way
I'm tired, I just wanna lie back down and
I don't wanna waste another night
I don't wanna keep on chasing lights
So go on, go on, go on, go on, go on, go on, bye, bye

Ooooooh bye, bye
Go on, go on, go on
Go on, go on, go on
Go on, go on, go on
Go on, go on, go on
Bye, bye
