Yeah, I talked it out with friend of mine  
Looks like I'm gonna lose your love this time  
She said I've cheated on you for too long  
And don't I realise I ain't that strong

But now the nights are so cold and lonely  
Lost without all your love

I come crashing down, down, down  
Crashing down, down, down  
Crashing down, down, down  
Like a storm to the ground

I come crashing down, down, down  
Crashing down, down, down  
Now your love ain't around.

Woah, I ain't a child, no tears to hide  
All my emotions hidden deep inside  
With you I really thought I had it all  
One day you're high and then you take a fall

But now the nights are so cold and lonely  
Lost without all your love

I come crashing down, down, down  
Crashing down, down, down  
Crashing down, down, down  
Like a storm to the ground

I come crashing down, down, down  
Crashing down, down, down  
Now your love ain't around.

Mmmm, yeah, yeah,  
Woah, oh wanting you, loving you, needing you, losing  
my baby  
Cheated you, lied to you, ooohhh now I'm crashing  
down

Crashing down, down, down

Crashing down, down, down  
Crashing down, down, down  
Like a storm to the ground  
I come crashing down, down, down  
Crashing down, down, down  
Now your love ain't around.

Crashing down, down, down  
Crashing down, down, down  
Crashing down, down, down  
Like a storm to the ground  
I come crashing down, down, down  
Crashing down, down, down  
Now your love ain't around.
