(F-F-Flashback)

[Vanessa]

Over, we were over  
Was something I never had to question  
Closure, we had closure  
But you left me unsure of a sure thing  
Seeing you getting up close to her  
Sends me back where you and I once were  
And I won't settle for second best

(Chorus)

'Cos it's not enough

[All]

Can't stop this heart from giving in  
One spark and it's starting up the feeling  
Shot down, thrown out, back where I begin  
Count once to ten before I fall completely  
And I realise that you love her like  
Like you did when we were both together  
Flashback to a moment and it's gone in a minute

[Rochelle]

Never, I said never  
There's nothing more I need to explain  
Ever and forever  
I don't think it can come back again  
What we had is dead and gone, it's too late  
Living in the past is just a mistake  
'Cos I'm much stronger than yesterday

(Chorus)

[Vanessa]

'Cos it's not enough

[All]

Can't stop this heart from giving in  
One spark and it's starting up the feeling  
Shot down, thrown out, back where I begin  
Count once to ten before I fall completely

And I realise that you love her like  
Like you did when we were both together  
Flashback to a moment and it's gone in a minute

[Frankie]  
(Flashback)  
Why do we start at the ending  
(Flashback)  
'Cos there's no use in pretending  
(Flashback)  
I'll think about it til the end of time  
(Flashback)

[Una]  
'Cos you're always in this heart of mine  
And if I stop and think about it  
There's no way to live without it  
I keep going back to days gone by (I keep going back)

(Chorus)  
[All]  
Can't stop this heart from giving in  
One spark and it's starting up the feeling  
Shot down, thrown out, back where I begin  
Count once to ten before I fall completely  
And I realise that you love her like  
Like you did when we were both together  
(Flashback) Flashback to a moment and it's gone in a  
minute
