(mhmm)
(ohh)

Should've known, from the start
With the year, going nowhere
You and I, on your terms
You build me up, just to let me down

Boy I wonder, were you ever true?
Boy I wonder, is it me or you?

I don't wanna chance my heart
When we are worlds apart
I can't wait, I can't wait, I can't wait for love
Now I turn and walk away
There's nothing left to say
It's too late, it's too late, it's too late
Cos I'm tired of my heart
Crash into love when you go
I don't wanna drift apart
And though it breaks my heart
I can't wait, I can't wait, I can't wait for you

(ooh ooh)
(yeah-ay)

Never were, I need true love
Can't give me, all I deserve
It shouldn't be (shouldn't be)
A complex thing (complex thing)
And what is wrong, with wanting everything?

I used to love you through rose-tinted eyes
I finally see through cracks in your disguise

I don't wanna chance my heart
When we are worlds apart
I can't wait, I can't wait, I can't wait for love
Now I turn and walk away
There's nothing left to say
It's too late, it's too late, it's too late

Cos I'm tired of my heart
Crash into love when you go
I don't wanna drift apart
And though it breaks my heart
I can't wait, I can't wait, I can't wait--

--For you
Came so near
We were almost right
I woke up (I woke up)
Just in time (just in time)
Wasn't real

Suddenly I'm breathing

I don't wanna chance my heart
When we are worlds apart
I can't wait, I can't wait, I can't wait for love
Now I turn and walk away (yeah-ay)
There's nothing left to say
It's too late, it's too late, it's too late
Cos I'm tired of my heart (my heart)
Crash into love when you go
I don't wanna drift apart
And though it breaks my heart
I can't wait, I can't wait, I can't wait for you
