"Why Me, Why Now"

I'm walking home one winter night
As the party is over I try not to think about you
Now I can't wait for the morning light
Cos those feelings inside me are totally ruling my mood

Crazy I know, but I'm scared to fall
In a place I've been to before
Not apart of my plan

I'm falling out of control in love, for the first time
Girl, don't be losing your head with love, no, no
Keep him in your distance, guarding your position
I try so hard but love will always get its way
Why me, why now

It's gone too far now I can't rewind
Though my conscience is calling I'm finding you hard to refuse
No-one resists as I can find
Don't go feeding a fire and it's slowly burning you
(slowly burning you)

I may not know, where I'm heading for
So I think I better get wise, and just enjoy (wooh)

I'm falling out of control in love, for the first time
Girl, don't be losing your head with love, no, no
Keep him in your distance, guarding your position
I try so hard but love will always get its way
Why me, why now

Woooooh, oooh, oooh
Whether running, don't hide
Woooooh, oooh, oooh
When is there a right time?
Woooooh, oooh, oooh

I'm falling out of control in love, for the first time
Girl, don't be losing your head with love, no, no
Keep him in your distance, guarding your position

I try so hard but love will always get its way
Why me, why now

I'm falling out of control in love, for the first time
Girl, don't be losing your head with love...
