(No one can stop us)
Yeah, Ya Boy
I want to thank David Foster
For letting me bring this platinum back
Let's get it, yeah

(Stay the night) when the moon come up
It's time for me to go home, but she still want me to
(Stay the night) I been with her all day
Been committed all day but she still say
(Stay the night) she lettin' me know that
She don't want me to go, she keep tellin' me ta
I'm a stay with ya, I'm a get paid with ya
I'm a stay with ya, I'm a get paid with ya

I wake up every day with the same plans
She's on my mind and there's no other game plan
I'm always with her I could never be a changed man
And I been knowin' this since back in the days man
My grandmother used to tell me she was dangerous
But people was gettin' money on her and gettin' paid
and shit
I said I want money too, I'm a mess with you
I said holla at Ya Boy, she like what it do
From New York to California people grind on ya
And they never stop, even though a stop sign is on ya
I'm a take my time and flick nicks and dimes on ya
I ain't tryin' to unwind but she keep cryin' like won't ya

(Stay the night) when the moon come up
It's time for me to go home, but she still want me to
(Stay the night) I been with her all day
Been committed all day but she still say
(Stay the night) she lettin' me know that
She don't want me to go, she keep tellin' me ta
I'm a stay with ya, I'm a get paid with ya
I'm a stay with ya, I'm a get paid with ya

I ain't even goin' lie dog, I think I love her
I might even just put her on my CD cover
Squeeze and hug her even share her with my little
brother

She want me to stay from sundown 'til the sun come up
Don't let her looks fool you, she get bad at night
If you with her you might get grabbed at night
Shot and stabbed at night, she took that med that night
So if you're scared do like Stacey, dash at night (ha ha
ha)
I never beat her I told her I never leave her
When there's nowhere else to go, that she's there
whenever I need her
I like to get high, she there growin' my reefer
Gettin' Franklin's like Aretha she tellin' me don't leave
her (please)

(Stay the night) when the moon come up
It's time for me to go home, but she still want me to
(Stay the night) I been with her all day
Been committed all day but she still say
(Stay the night) she lettin' me know that
She don't want me to go, she keep tellin' me ta
I'm a stay with ya, I'm a get paid with ya
I'm a stay with ya, I'm a get paid with ya

If you love her like I do, and hug her like I do
Then you know what this song implies to
Them other type of people they be hatin' on her
'Cause they know Ya Boy affiliated with her, chyeah
This for my people on the corner
Get your money on her from NYC to Arizona
From Florida all the way to California
The whole wide world from Tacoma to Barcelona
Make small moves if you're slick you's a goner
I'm a be fine 'cause she knows I'm a soldier
She's my bitch for life, we don't ever fight
And my bitch don't ever say goodnight, she say

(Stay the night) when the moon come up
It's time for me to go home, but she still want me to
(Stay the night) I been with her all day
Been committed all day but she still say
(Stay the night) she lettin' me know that
She don't want me to go, she keep tellin' me ta
I'm a stay with ya, I'm a get paid with ya
I'm a stay with ya, I'm a get paid with ya

(Stay the night) It's Ya Boy
I'm a stay with ya
(Stay the night) David Foster
I'm a get paid with ya
I'm a stay with ya
I'm a get paid with ya
