Hold me now under the stars
Only I know who you are
Through these fields I dream all night
Hoping that our love isn't out of sight

Dreaming, dreaming

So hear me (so hear me)
And are you listening
To what I'm saying?
So clearly (so clearly)
Under a sky so blue
Now hold me here

Look in my eyes, it's you I see.
Lost in the hope that this is meant to be
You don't have to hide who you are
I've been here from day one, I'm not going far.

You hear me now, these wounds have healed.
With this kiss our fate is sealed
What the future holds may be unclear
One thing's for sure, that I'm still here.

Screaming, screaming

So hear me (so hear me)
And are you listening
To what I'm saying?
So clearly (so clearly)
Under a sky so blue
Now hold me here
