Fee fi fo she smells his body
She smells his body
And it makes her sick to her mind
He has got so much to answer for
To answer for, to ruin a child's mind
How coul you touch something
So innocent and pure
Obscure

How could you get satisfaction
From the body of a child, You're vile, you're...
It's true what people say
God protec the ones who help themseves
In their own way
It's true what people say
God protec the ones who help themseves
In their own way

He was sitting in her bedroom
In her bedroom
And now what should she do
She's got so much insecurity
And his impurity is was a gathering gloom

How could you touch something
So innocent and pure
obscure
How could you get satisfaction
From the body of a child, You're vile, Sick

t's true what people say
God protec the ones who help themseves
In their own way
It's true what people say
God protec the ones who help themseves
In their own way

t's true what people say
God protec the ones who help themseves
In their own way
And I wonder to myself...

Who protects the ones who can't protect themselves?

Fee Fi Fo 4x
