(Show me love)
(Double up)
Won't you show me love?

(Show me love)
'Cause it's been gray for so many years

I just wanna hide what is mine
Your love for me, wait and see

I'm not trying to seduce you
Though it's a long and cold dark night
You are the one, you are

I would never try to change you
I want to see who you are inside

Show me love and how to share it
I'll give you double up in return
Life is now and meant for living
'Cause it's been gray for so many years

Life will never ever be bad under my spell
Kiss and tell

I feel lonely when I see you
Why don't you give me just a smile?
You'd make my day in many ways

Just a fragment of your lifetime
Because the shine in my eyes will tell

Show me love and how to share it
I'll give you double up in return
Life is now and meant for living
'Cause it's been gray for so many years
Won't you show me love?

(Show me love)
Let me know
(Double up)

Show me love
(Show me love)
(Double up)
I wanna know

I, I'm not beautiful
But I can give you something
No one's gonna give you

Me, I will fight for you
So, I'll be yours
Just give me time

Show me love
I live, I'm learning
Life will never ever be bad under my spell

Show me love and how to share it
I'll give you double up in return
Life is now and meant for living
'Cause it's been gray for so many years

Show me love
Show me love
Show me love
Show me love
