It's exercise and vanity
Instruct your shoulder-strength sides of me
Wakes me up
Sips my tea
Then we share the blusher freely

I love the painted nails of all the females
That's what I yearn, I yearn to be
This drunken girls skill-less
What's up with this mistress?
The metal on her bust
Stuck!

I know a secret about where you've been
So why don't you declare?
Tell me what you've seen
I don't feel like the way I usually feel
But work a little harder
I'll get a little harder

So we're travelling outside town
To avoid all the sneers and the frowns
A tongue stud
Lip ring
Catalyst from an intended fling

I love the painted nails of all the females
That's what I yearn, I yearn to be
This drunken girls skill-less
What's up with this mistress?
The metal on her bust
Stuck!

I know a secret about what you've done
So maybe in time you'll realise you and him never won
Put down your booze, turn of Sky Sports news
They like to go upstairs now
They like to see our hair down

Do I tell?
Yeah I will

No I won't
Yeah I will
No I won't

Let's steal away in the night
In the night
In the night
In the night

Cus I know a secret about where you've been
So why don't you declare?
Tell me what you've seen
I don't feel like the way I usually feel
But work a little harder
I'll get a little harder
