And I wish
and I wish I could be the heart that you beat

And I wish
and I wish I could be the eyes that you meet

And I hope
and I hope I can be the word when you speak -
In the wish I've been wishin'.
And I dreamed
and I dreamed of your arms tonight holdin' me

And I dreamed
and I dreamed of you kissin' me tenderly

When I know
when I know every part of you wants to be -
In the wish I've been wishin'.
(And I wish and I hope and I dream and I know)
And I don't know why you hide the feelin'

Are you looking for a reason - it's a mystery what you
do to me.
Are you blinded by persuasion? Do you need an
invitation to this heart of mine ?
You'll find this love is for the takin' and I'll do anything
make believe.

And I wish
and I wish I could be the heart that you beat

. . .

(And I wish and I hope and I dream and I know)
If I am makin' any sense now could you loosen your
defence
And let a fantasy become reality.
No more need for hesitation
it's a simple combination.
That could work so well
I can tell

We need a little magic a once upon a time with you.
And I wish

and I wish I could be the heart that you beat
...
(And I wish and I hope and I dream and I know)
And I dreamed
and I dreamed of your arms tonight holdin' me
