Pour some lotion on me
Rub it on my skin
I think you missed a spot
Whoops you better try again
The sun is beatin' down
We're dancing in the water
You give me chills
But I swear I can't get any hotter
Let's run along the shore
Feel the sand between our toes
Lay a sweet kiss on my lips
We'll see how far it goes

Let's take it to the limit baby
Take it to the edge
Make it last forever
Cause it don't get much better than this
My heart is racing
And I don't want to slow it down
We don't need nothin' but
Right here, right now

We got a fire burnin'
The moon is shinin' bright
Let's throw a blanket down
And pour another glass of wine
I got a sweet confession
You are the only one
Who takes my breath away
And always makes me come undone
I feel that ocean breeze
Blowin' over you and me
Layin' underneath the stars
We fit so perfectly

Let's take it to the limit baby
Take it to the edge
Make it last forever
Cause it don't get much better than this
My heart is racing
And I don't want to slow it down

We don't need nothin' but
Right here, right now

Let's run along the shore
Feel the sand between our toes
Lay a sweet kiss on my lips
We'll see how far it goes

Let's take it to the limit baby
Take it to the edge
Make it last forever
Cause it don't get much better than this
My heart is racing
And I don't want to slow it down
We don't need nothin' but
Right here, right now
Right here, right now
