**CHORUS:**

When it rains it pours you can't ignore your whole world  
tumbling down  
Just stand your ground fight your fight guess who's  
stronger now  
You know it's you yeah I got your back don't you worry  
baby you'll make it through  
No matter what or when if times are rough I'll be here  
for you I'll be here for you

**VERSE 1:**

I see you with your head down stressed out weight of  
the world coming down on your shoulders built Teflon  
strong  
Thought I told you was a soldier every now and then  
you need someone there to hold you call on me  
I'll always be right here for you when you're down  
on your luck and enough is enough but I won't let you  
give up no no  
They wanna watch u fold but it's a no go cus shorty got  
a point to prove

**BRIDGE:**

Come and lean on my shoulder I'm here for you now  
I'll always have your back when noone's around  
It's now or never  
It can't rain forever  
Like the sun you can break through the clouds when it  
rain it pours

**VERSE 2:**

Step up set it off hmm shut'em down  
Don't you call it quits can't turn back now  
Won't let you be the victim be victorious  
At the end I'm your friend baby no matter what  
When you're down and out I'll pick you back up  
You were there for me when nobody else was  
You're my confidant my very best friend  
We'll weather the storm we'll make it through the rain

**RAP VERSE:**

Where's the lightning where's the rain where's the  
thunder at  
Disregard the problems drop the ish get rid of that  
No more pain hurt gone ain't no more tears  
New era feel the movement we're here yeah  
When shit goes down let it crash down on me  
Grenade BOOM without no warning  
Stand in the fire cus you've been there for me  
Ride or die baby you're forever my homie....
