[Ghostface Killah]

I think it happened on a Saturday  
I heard the phone ring, ding, ding  
Who this? 'Vine yo..  
Wise guy killed last night by the Tracks,  
It was the same who our niggas teeth up  
Sent 'em back, we shoulda thrilled a long time ago  
We went this recording, now we owe  
The devil slit trough, without an intro  
Yo 'Vine, it can't be!  
Wise guest-starring me  
Can it be, we both got hit  
God legendary, he and General  
He survived A-dog,  
Hard to even picture god eaten by gray dogs  
He stayed in his world  
And he sidely swears  
To tell the truth, that DeVon was like  
"Your out of cure boo"  
Wisegod Allah, warrior  
XY chromosome, sat heavy on the throne  
Touched something for you  
Ya stupid fail niggas fucked up  
Because bitches is talking  
They living, i'm twisting  
You alleybag  
You killed my man, you killed my man  
And you sent him back  
After this day, watch your hats  
Slugs flying everywhere,  
You could smell heaven in the air  
You can never get the god, yeah  
Now i'm cypher,  
You've been driving off the same battery  
We had, back in '91 that got you hyper  
God been beautiful, god been great  
God fed you, you died but we survived that day  
You killed your king, Rakeem Allah  
Gave him his life, he was your offspring  
Camouflage dog, days was green  
One righteous man fought for his right, gods pupil

Yo, that's my fam, we snatch me out of big head van  
We taught you how to get gain, from sayin' "peace  
god"  
As long we translate Allah's tounge, spit the language  
hard  
Alley thoughts, identical twin  
My alias gasanate, the days close,  
The days close, how'd you know!

[The Dramatics]  
Once the sun comes out and the rain is gone..  
I know I'm gonna see, a better day  
I know I think I'm crying, because of you  
I'm crying, don't want you to see me cry  
Love you Wise, love you Wise, love you Wise!

\*\*\*Chorus (x3)\*\*\*  
I wanna go outside, in the rain...  
It may sound crazy, it may sound crazy  
But I wanna go outside, in the rain...
