Baby, It's been hard for me since you've been gone.
But you left me with the strength to carry on.(baby,
baby)
Though it hurts so much, I've accepted the fact we're
through.
Cause the greatest gift in life I got from you.

Baby, Baby, you gave me somebody to love.
You gave me somebody to love.

Memories of nights when we stayed out til dawn.
And every time we kissed a brand new world was born.
Baby, it's alright, go and do what you gotta do.
Cause the greatest gift in life I got from you.

Baby, baby, you gave me somebody to love.
You gave me somebody to love.

Baby, baby
Baby it's alright, go and do what you gotta do.
Cause the greatest gift in life I got from you.

Baby, baby, you gave me somebody to love.
You gave me somebody to love.
Baby, baby.
Baby, baby, you gave me somebody to love.
You gave me somebody to love
