You come across as fraile  
Take all your assumptions and make all your moves  
cause we  
We know that you're leaving, we know that you're  
leaving

And we tried so hard to show you we care  
But nothing seemed to break through  
To you, to you

If you wanna believe in me  
Don't tell me you're leaving  
Please don't be leaving me  
Cause where you are going  
Is not where you need to be  
Right now

Can I have your time, to tell you about my strengths  
I can help you if you'd like, cause sometimes we need  
someone  
To hold out their hands and lift us back up  
I am here for you if you want me to

If you wanna believe in me  
Don't tell me you're leaving  
Please don't be leaving me  
Cause where you are going  
Is not where you need to be

If you wanna put trust in me  
Don't tell me you're leaving  
Please don't be leaving me  
Cause where you are going  
Is not where you need to be  
Right now

Is it too late to save you, to save you now?  
Is it too late to save you somehow?  
Is it too late to save you, to save you now?  
Is it too late to save you somehow?

If you wanna believe in me  
Don't tell me you're leaving  
Please don't be leaving me  
Cause where you are going  
Is not where you need to be

If you wanna put trust in me  
Don't tell me you're leaving  
Please don't be leaving me  
Cause where you are going  
Is not where you need to be  
Right now
