i still remember the second you caught my eye  
okay maybe i dont really, i know your not surprized  
but i could tell from the beginning  
it was meant to be and it may not seem quite pefect  
but it seemed so right to me

and i dont want to push you into anything  
because i want the best for you  
i just can stand the thought of you with someone new

you've got a smile that could light up a whole room  
and i when i see it i can't seem to get my eyes off you  
because you complete me in so many ways  
and i wished i could explain  
i guess you could say that your like the sun  
that breaks through all my rainy days

and i dont want to push you into anything  
because i want the best for you  
i just can stand the thought of you with someone new

we've both been through so many things  
the last few years  
and i'd love to thank you for coming  
and time to save me dear  
and if things dont quite end the we planned  
i'm still so glad that i heard you sing  
that one song kid rock sang

and i dont want to push you into anything  
because i want the best for you  
i just can stand the thought of you with someone new  
i just can stand the thought of you with someone new
