"U-turn"  
"U-turn"  
"U-turn"  
"U-turn, come on"

Chorus: Simon Sayz  
Let me take you on this audible rollercoaster  
Throw your hands in the air like you're supposed to  
Throw your hands in the air like you're supposed to  
Come take a ride on this audible rollercoaster

[Verse 1: Simon Sayz]  
Let me take you on a ride  
A rollercoaster ride  
Don't let it pass you by  
You'll feel alive  
When you hit the first dip  
Your heart beat skips, the back seat whips  
Into a flip  
Everything goes dark  
You better fasten up your seatbelt when this roller ride  
starts  
When this roller ride starts runnin', there's no turning  
back  
Hang on or you'll fall off the track

{\*scratching\*}  
"U-turn"  
"U-turn"  
"U-turn"  
"U-turn, come on"

[Verse 2: Spitball (Simon Sayz)]  
When it's hip, hop  
You wanna stop back  
To the first drop (Straight DOWN)  
Where the sound  
Alone might make you zane  
It'll get you dizzier than smith and pain  
This ain't no ordinary ride, this ride's inside your mind

People cry when they hear the rhymes from  
The back of the line  
Climb on  
It's not gone stop til you pass out

Repeat Chorus Twice

(Verse 3)

[Spitball]

It's the only ride in the world with a million loops  
And the rhymes we hurl will kill a million groups  
To cause screws on cruise  
The G Force causes  
Your voices to get hoarse, hands up  
Here we go  
Speed beam, then flood the show  
When it stops  
Nobody knows about the beats from beneath  
{\*scratching\*}  
Freak sounds jump beneath  
It'll seperate your gums from your teeth  
If you ride it twice  
You might get iced  
Snatch your heart like an Aztec sacrifice  
Man, it ain't nothing nice, but I really don't care  
I'm breaking it down like ferris wheels at the county fair  
It's the poisonous pens with the potent poems  
This rollercoaster roams right through your home  
And never ends  
Your knees get weak  
If you got the guts, sit in the front seat

[Simon Sayz]

Twists and turns like a bucky worm windles  
There, stroll a right, sizzles  
It's the beat  
That makes your feet leave the ground  
The world looks different when you're upside down  
My sound is found in the upper atmosphere  
It fills up the space between your ears  
If you get airsick, skip this trip  
This fully equipped rocket ship won't quit  
No one sends alarms  
All passengers get  
Thrown into the unknown  
Microphones turn tables, bottomless bumps  
It's like a neverendin', free fall jump  
That keeps going  
And going, the tracks worse  
Supersonic speed's got your engine backwards  
Fast curves make your insides naucious

We all move together like synchronized watches  
{\*scratching\*}  
Open your eyes, catch your breath  
These kids from the west cheat death, tempt fate  
I hit the breaks, you shake, we'll spark  
Earthquake Institute, the ultimate theme park

Repeat Chorus Twice
